

Frequently Asked Questions about the Open House

1. **We are interested in finding out more about your schools. Would you please send me a list of requirements for admission?**

The best way to learn more about our schools is to view our virtual Open House, which will be open until the online application deadline Dec 14, 2020. All information regarding our schools and the Admissions process is available on the Admissions website. Please look at our website (www.bergen.org).

2. **How do we know which school will be the best fit for our child?**

Most middle schools in Bergen County are familiar with our district and our Admissions procedures. Your child's school guidance counselor/administrator will be able to give you the best advice since they should know your child's aptitude and abilities in school. Read through the information on our Admissions website to get an understanding of our schools' curricula and attend our virtual Open House.

3. **When can I sign up for an Open House? How may I learn about the Admissions process?**

There is no registration for the virtual Open House this year. The event will open on the dates outlined on bctsopenhouse.bergen.org site. The event will include information about the Admissions procedures for this year.

Students interested in applying to the Bergen County Technical School District must have their primary residence within Bergen County, regardless of the location of the middle school they attend.
